

# STRATTON LUMMIS

## *“The Riddler”*

*A painting by winemaker Richard de los Reyes*

### Lot 2

**Tasting notes:** Lot 1 had over seven different varieties. Our riddle for you is what is in Lot 2? Hint: You don't expect these varieties to be grown in the Napa Valley. The scent of wild fresh raspberries mixes with ripe plums and violets, while dark fruit flavors play endlessly on your palette. We hope that every glass brings you endless fun, excitement, pleasure and mystery.

**Note from the winemaker:**

The Riddler takes me back to my boyhood. I am six years old. Playing alone, I have discovered an old stone winery on a friend's property. The door easily opens. I step inside, amazed at the rows of giant oak tanks. I brush their sides with my fingers, occasionally finding tiny pools of sticky liquid on their surface. Each drop is a mystery of new smells and taste. They are riddles that I have spent my life trying to solve.
